Nova Wood Bench Desking

The Nova Wood bench desking can complement many learning or office environments. The Nova Wood adds a delicate sense of luxury to the office and brings you closer to nature and a home atmosphere! Ideal in open plan offices where you can arrange different areas for individual or collaborative work, meetings or leisure activities. Every table is unique due to solid ash wood legs:

- Wood texture and wide growth rings create a distinctive pattern
- Stained and lacquered wood reveals the pattern even more
- Natural wood tends to change its colour over time
- 25mm MFC top
- 740mm High
- Straight back and cable port cut-out options also available
- Prices shown are Group 1 finish

Wilmington Residential

The Wilmington Residential range of furniture is perfect for student accommodation in colleges and universities. Designed for endurance, we like to call this heavy duty furniture. With a 10 year guarantee, you will be hard pressed to find a more cost-effective long term solution.

Whilst the below items are technically 'off-the-shelf' items, for larger projects that are often led by architects plans, our in-house design team can work closely with you to create a solution that complements their design whilst advising on what is suitable for the environment the furniture is being used in.

A range of matching top boxes, coat hooks, tables and wall protectors are available - please ask for details.

Nova Wood High Tables

The high multipurpose table can complement many learning or office environments. The Nova Wood adds a delicate sense of luxury to the office and brings you closer to nature and a home atmosphere!

Ideal in open plan offices where you can arrange different areas for individual or collaborative work, meetings or leisure activities. Every table is unique due to solid ash wood legs:

- Wood texture and wide growth rings create a distinctive pattern
- Stained and lacquered wood reveals the pattern even more
- Natural wood tends to change its colour over time
- 25mm MFC top
- 900mm and 1050mm high options

Storagewall Module options

Designed and manufactured to save space, save money and give you the most flexible and comprehensive storage system available.

There simply isn't sufficient room here to illustrate the huge range of applications and options, please contact your sales representative to arrange an appointment or call us to arrange a showroom visit.

Lockers

The provision of personal storage space is a key objective within today's workplace environment.

Alcove modules

Add a seat or a display module with glass doors and low voltage lighting.

Storagewall

Full height storage wall in MFC to provide maximum storage in any available area.

Tambours

In areas where space is at a premium such as corridors, tambours will overcome access problems.

Media display

Incorporate plasma screens, video-conferencing facilities and other media aids within specialist media modules.

Internal fitments

Choose from shelves, filing frames, letter sorters, drawers to suit your own requirements

Pigeon hole units

Can be combined with cupboards or drawers to save time and maximise space.

Bespoke colours

A huge range of options available in both woodgrain effects and plain colours, an opportunity to make your storage wall unique.

Suppose you wanted to create an atmosphere of excellence...
Suppose you like impressive classrooms...
Suppose there was a place for everything...

Storagewall is the perfect solution!

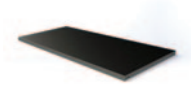

Storagewall can be used in a wide variety of applications.

See opposite page for Storagewall examples and fitment options.

Design options

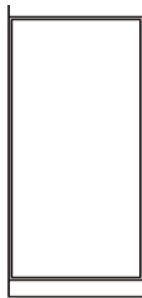

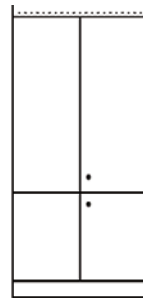

To further increase the flexibility of the solution available you also have the ability to specify the cupboard functionality using our diverse range of cupboard designs. For space saving and areas such as corridors where access is a key issue utilise the tambour front or sliding doors, for maximum storage the full height doors 'fit the bill', or where something a bit different is needed why not consider wave doors? Variations include split height doors and direct access filing, with the option of glass display alcoves. To increase versatility incorporate lockers and hot desking pedestals for nomadic working practices.

Storagewall

Storagewall can provide up to 60% more storage than conventional storage cupboards – and in the same floor space usage! By using the full height and width of the available area, a storage density of 15.2² metres of storage per metre² of floor space can be achieved.

Consider the ability of storagewall to create an environment that is uncluttered and attractive to work in, functional and efficient to use and is adaptable to the ever changing demands of the modern workplace, and the argument for including it in your interior scheme becomes compelling.

Totally relocatable, able to provide acoustic ratings in line with the best partition systems, and flexible in design – storagewall is a modular storage system that can adapt to any environment.

Storagewall - Internals & Options

Finish options

In order to make your storage wall truly unique and bespoke to your own environment, consider the almost infinite options available to your external finish.

From a wide range of standard MFC finishes and coloured laminates, through book-matched and suited real wood veneers, and to more exotic finishes such as spray lacquered paint finishes, back painted glass and graphics—let the storagewall be the palette for your imagination!
