Shelter & Shade

Outdoor Canopies & Shelters designed to suit your space

Adding a covered area to a school's outdoor space is a cost effective way to quickly optimise the efficiency of that space. It's now possible to learn and play outside in all weathers, while creating a focal point for the playground. Opt for natural, tactile timber or sturdy, low maintenance aluminium to enhance the school. A comfortable outdoor space also encourages more outdoor learning, which is proven to positively impact a child's social, emotional and physical wellbeing.

These products have been trusted by schools for years for safety, quality, durability, and great aesthetics. On offer is a comprehensive range of outdoor shelters to suit every budget and environment – whether you're looking for bike storage, a cost effective playground shelter or an all weather outdoor learning area, there is something to suit your budget and available space.

A. Timber cycle shelter and store

Includes Installation – POA

A sustainable shelter that also makes a serious statement. Not only bikes, but waiting parents can shelter here. Constructed with high quality, sustainably sourced timber anchored by steel posts, this shelter will fit in anywhere while adding a natural and multifunctional dimension to your outdoor space.

Velo Cycle Shelter

The Velo Cycle Shelters are timeless, durable, cost-effective, unobtrusive and quick to install. Available in a standard galvanised finish or galvanised and powder coated in the colour of your choice.

The Velo shelters can be designed and made to fit your exact space so that your bikes and scooters stay dry and protected.

Lux

Combining minimal, uncluttered aesthetics with an enviable array of child safety features, the Lux is the canopy of choice for many primary schools. With the gutters and downpipes hidden inside sturdy aluminium profiles the canopy is football-proof, looks great and is also inherently anti-climb. A certified non-fragile roof gives you peace of mind, while the hidden fixings and rounded finish reduce the possibility of injury in the case of a potential impact. Available with clear and coloured roof options, the canopy carries a 10 year guarantee. Standard finishes are RAL 7016 (dark grey) and RAL 9010 (white) – for other colours POA.

Sailshade:

A simple and cost-effective way of introducing both colour and shade into an outdoor area. Use as single units or in combination to create a shade or delimit the playground into different areas. The playground isn't the only option – they also work well on a school field.

Timber playground shelter:

Perfect for outdoor learning, this high quality shelter with built in benches is constructed from sustainably sourced softwood. Its tactile and sheltered feel creates a refuge and favourite place for children and adults alike. Generous seating promotes inclusion and space for all.

We offer a complete bespoke service to meet your specific requirements.
